Notes

- Please match the "boldness" of this paragraph to the bullets on the window above
- I love the sticker on the photo, I would like to see her name bolder and the Double board certified verbiage larger. I think taking her name out of the sticker, putting it below and filling the sticker with larger font would be good
- I really don't like this font, it doesnt let the customer read it quickly which is what we want. Please change this to match the YMD font. See how the "now available at the IV Lounge" looks bigger. move the Aesthetic Services up and make the now available like:

NOW AVAILABLE
AT THE IV LOUNGE
But center aligned

I love the way you designed this section, I think it is really appealing to look at, we just need to clean it up a tad. Please make sure everything is aligned. The numbers are aligned in the center of the bubbles, the bubbles are all aligned, the "Unites and Syringes" are left aligned and the BOTOX VOLLURE and VOLUMA are all aligned to the right as well as the sub text, i don't think "!" are necessary. I would love it to look like this

UNITS OF

SYRINGE OF

SYRINGES OF

VOLLURE

VOLUMA

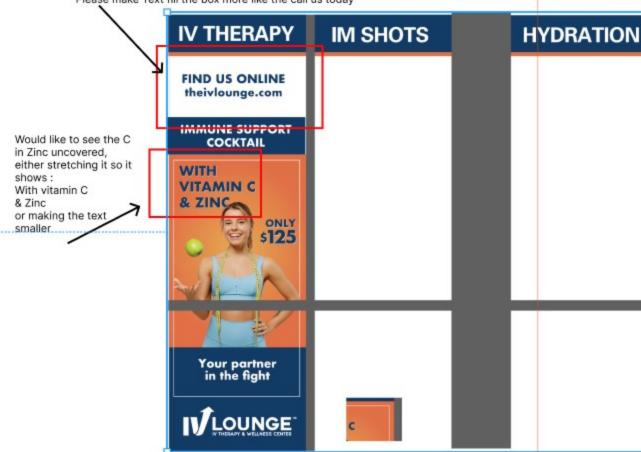

Soften fine lines and wrinkles

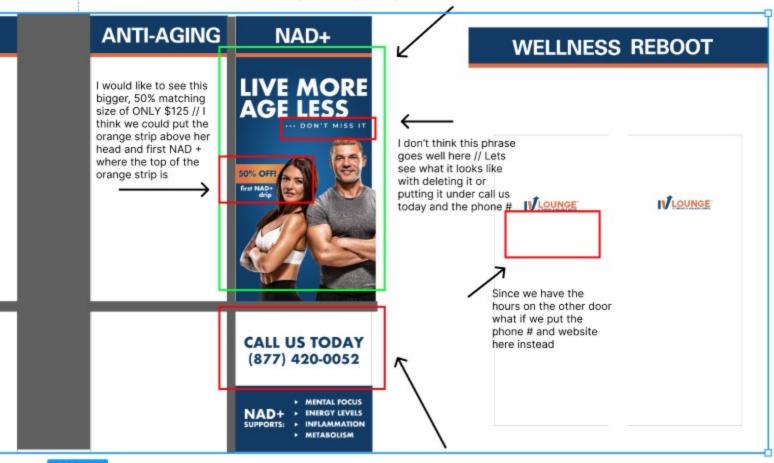

Style your longer lasting smile

Defy gravity with apple cheeks

- Please align everything
 I put this red line to help see > < what is not aligned, the photos
 the number bubbles
- I love how you have the difference weight in fonts and they are offset I think to make it look cleaner aligning it would help Please align the L and the D in Laser and Difference Same for the 2nd #6 Please left align the E and the P
- Please left align all of the secondary headers. I highlighted which ones to change with this
- 8 I think this window would look cleaner without this, we do still need a phone number for the IV lounge too, so maybe it can go in this window somewhere

Please give this a white background, the full window will have a white sticker as well as the words Please make Text fill the box more like the call us today
